Please return form by fax to 312/595-0939 or mail to our office address listed below. Test It Now! is a grassroots awareness campaign to improve children's product safety. Future activities of the project include a national meeting on children's product safety, press briefing kits for local and national media, and outreach to children's advocates.

\* While the Infant and Toddler Durable Product Safety Act is one vehicle for ensuring adequate testing, support of Test It Now! does not imply endorsement of specific legislation.
